The Railfan Guide to Switzerland (unnumbered)

NOTE: Members will see from the list that 3 of Branches hold certain publications which their members are able to borrow with the permission of the Branch Organiser. These collections are rotated around these 3 branches every few years so that members can borrow different items. The other publications are held by the Librarian as they are rare, valuable or are not sufficiently robust to be entrusted to the postal service. If a member wishes to obtain an extract from one of these then arrangements can be made with the Librarian whose name & address can be found in "Swiss Express".
